## PTA Educational Grant Request – Third Grade Motivational Charms for 2021-2022

In third grade, we give each student a silver chain to put charms on as they reach milestones throughout the year. For example, we do a 30 Book Challenge and they receive a book charm for every five books they read. We also give charms for mastering math facts, outstanding writing, being good sports on walking field trips, and doing their best on state testing. When we give out the charms, we do a little celebration with the student in front of the class. The kids are really excited to receive charms. We have found this to be quite motivating and it gives the students a sense of pride and achievement. We start handing out charms about one month into the school year and continue until the end of the year.

The chains and charms will be ordered through Fitness Finders and will cost about \$50.00.
