

PTA Grant Request

Mountain PTA Educational Grant Policy:

The PTA Budget authorizes money for Grants to teachers, staff, students and Mountain parents. Grants must be approved at a PTA meeting, so please keep this timing in mind. See <http://www.mountainpta.org/teacher-resources>.

Requester: Third Grade Team (Kandice Favorite) Date: 8/10/23

Educational Grant (under \$500) General Grant (over \$500)

Project Title: I Know It Subscriptions

Which students will the project benefit? The third graders at Mountain will benefit from this project.

Amount Not to Exceed: \$ 450

Please provide the following information (attach pages as needed):

- See attached.*
- 1) Will this project solve an existing problem or meet a need for students that is not currently being met?
 - 2) How will the project work? If possible please include an approximate timetable.
 - 3) Please give an itemized list of expenses. Has funding been sought from any other source? Please explain.
 - 4) Other information that might help the grant committee in considering this request.

For PTA Treasurer Only:		Date of Reimbursement:	
Amount of Grant Authorization:		Amount Reimbursed:	
Date of Authorization:		Check #:	

Grant approvals will expire on June 30. If receipts are not submitted by this date, grants will have to be resubmitted for next year.

**PTA Educational Grant Request - Third Grade
I Know It Subscriptions for 2023-2024**

Each third grade classroom is requesting a subscription to the program I Know It. A description of the program is below.

iknowit is a comprehensive, interactive math practice site for students in Kindergarten to fifth grade. This online resource can be used during class or at home for independent practice, remediation, assessment, or homework. The site enables teachers and parents to differentiate assignments for students allowing them to work at their own level and pace towards mastery of concepts and skills aligned with common core.

I Know It is very user friendly, and allows teachers and parents to customize a program to meet the specific needs of each student. It's never been easier to monitor individual progress or track performance data! Math concepts are sorted by grade level, and each skill has a wide variety of question types and graphics to keep students actively engaged throughout each skill they complete.

While your students are building math comprehension and fluency they will also be having fun with our unique characters and animations. Your students will be challenged to achieve, while utilizing features of the site, like question hints and explanations, along with receiving instant feedback.

You'll never teach math the same way once your students have tried iknowit!

We used I Know It last year and found it to be very beneficial for our students to practice math skills. It allows for easy differentiation through selecting assignments by grade level, either a lower grade or a higher grade depending on individual student needs.

I Know It provides practice that our other online resources do not. Teachers can choose the specific standards that students need to work on, as well as choose the level each student needs. The program is very engaging and gives students immediate feedback and explanations.

We will use I Know It for the entire 2023-2024 school year. A subscription is \$150 for the year. Each third grade classroom needs a subscription so the total amount of the grant is \$450. We have not sought funding from other sources.
